esh Third Sector News Spring 2012

Latest News

We hope that you have had a good Christmas and are now looking forward the, albeit slow, approach to spring. We are excited about 2012 and hope it will be a year for us to continue to develop our work with charitable and voluntary organisations as well as seeking to embark on some new projects with new partners.

In January we officially launched our **UKOnline program**, where people can come to our advertised sessions to work through a course to help them develop their IT skills. **This is a free course, open to people of all ages and expertise.** For more information on our course dates, please do not hesitate to contact us on; admin@eshconsultancy.co.uk or call us on the number below. This year we are continuing to work with the WEA delivering Employability courses and are also working with a local school to provide evening classes for parents who want to discuss the frustrations and joys of bring up children in our society today. We are also developing a course on money management for children and young people in partnership with an organisation called Crown Financial Ministries.

Edward has now completed the 'Preparing to Teach in the Lifelong Learning Sector' (PTLLS) course to better-equip us in delivering courses and are always looking at ways in which we can keep our training relevant and fresh. Our moto for this year is,

"Tell us what you can afford and we will do it for that!"

At this difficult economic time for the third sector we want to ensure that people feel that they can still receive training and consultancy which is worthwhile and of good quality. Our passion at 'esh consultancy & training ltd' is that staff and volunteers feel equipped to carry out their ever-changing roles and responsibilities to achieve the best for their organisation.

If your organisation needs training or consultancy in any area, please contact us and we will endeavour to put together a package that not only meets your needs but stays within your budget.

Spring 2012 Courses

- | | | | |
|-------------------|-------------------|------------------|-----|
| • 2nd March 2012 | Manual handling | 9.30am - 12.00pm | £20 |

You can book on the courses by completing the booking form found on our website (www.eshconsultancy.co.uk) or by contacting us at the office (01522 752219) **Book early to avoid disappointment!**

NEW OPPORTUNITY

As part of esh consultancy & training ltd, we deliver Peer Mentor training to young people in both Primary and Secondary schools all around Lincolnshire, as well as developing new links with Northamptonshire County Council. The projects allow older, and in some cases, more skilled academically or socially students to be matched with another pupil needing some support in specific areas. These mentoring projects are a huge success, they benefit the individuals involved as well as the school and local community. A project we were involved in a few years ago, saw a mentoring project have a huge impact on the struggling community.

Firstly, if your organisation is involved in any mentoring or befriending schemes and you feel that you, your team or indeed your volunteers could do with some training or a refresher course, then we are the people to do it - having trained over 3500 young people and adults in the last few years, we have the skills to develop your projects or help you to develop a new project.

Secondly, we are always looking for people who would be interested in getting involved in a mentoring project in schools.

People who feel they have something to offer a young person, by listening, encouraging, helping to set goals and encouraging success. You do not have to have any experience or specific skills, just a willingness to see the potential in the lives of young people. If that is you then please do not hesitate to contact us. We are in the process of forming links with some of our regular schools to add a 'volunteer mentor' element to their projects. Watch this space for more information! **However, do not hesitate to contact us to register your interest in this project.**

Don't forget you can hire our venue for your own courses or meetings!
